

MEDICAL TECHNOLOGY IN SAXONY-ANHALT

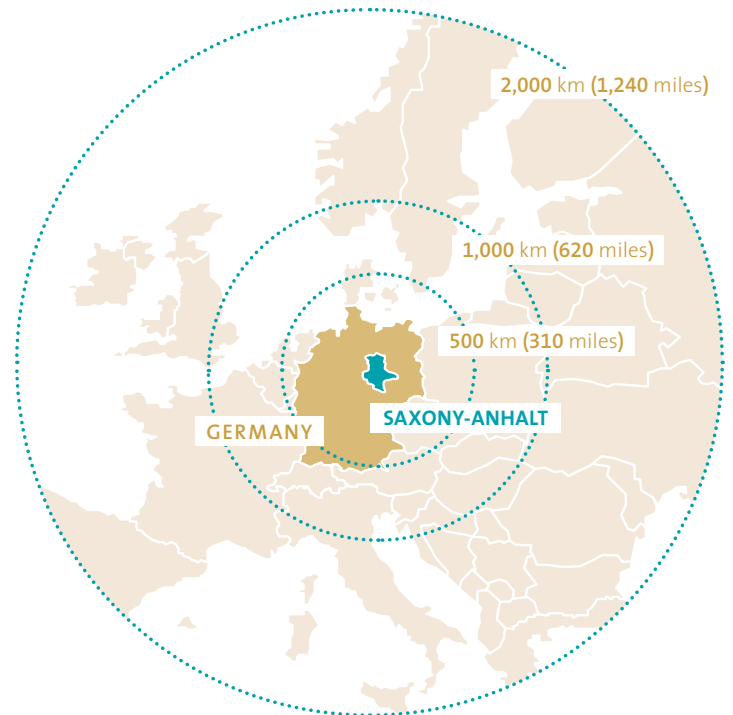

SAXONY-ANHALT

Investment and
Marketing Corporation

FIVE GOOD REASONS TO INVEST IN SAXONY-ANHALT

- **Competence** – Highly motivated and qualified workers ensure your long-term success.
- **Market Access** – The central location within Europe guarantees you excellent access to the established Western European and the growing Eastern European markets.
- **Productivity** – Saxony-Anhalt has the lowest wage costs in Germany, along with the highest work productivity rates in Eastern Germany.
- **Economic Conditions** – 90 % of companies rate the framework conditions in Saxony-Anhalt as very positive.
- **Cost Reduction** – The excellent range of incentives means that you can count on noticeable reductions in investment, training and R&D costs.

YOUR INCENTIVES

Personnel Training	Investments	Research and Development
up to 100 % before employment	up to 50 % (highest rate in the EU)	up to 80 %
after employment, up to 50 %

“It is only through intensive cooperation with the university and the opportunities for neuro research here in Magdeburg that we are able to develop equipment which is unique in the world.”

Frank Baumgart,
Managing Director of MR confon GmbH, Magdeburg

1st place in the state rankings: Entrepreneurs are more satisfied with the regional incentive policies in Saxony-Anhalt than in any other state in Germany.

YOUR LOCATION FOR THE FUTURE

- ▶ 60 medical technology companies with a total of 2,200 employees
- ▶ easy access to knowledge through the close interaction between science and industry
- ▶ a focus on the areas of synthetics, neuromedicine and innovative medical devices
- ▶ high-performance infrastructure
- ▶ industry-specific and industry-compatible networks (incl. InnoMed, BIO Mitteldeutschland)
- ▶ physical proximity to supply industries (e.g. synthetics, engineering, electronics and software)
- ▶ favorable cost structures

NETWORK – MOVING FORWARD TOGETHER

RESEARCH AND DEVELOPMENT

- ▶ **Polymer Competence Centre Halle-Merseburg:** Researches applications for synthetics in the medical sector

- ▶ **Leibniz Institute for Neurobiology (IfN), Magdeburg:** Researches the mechanisms that drive learning and memory

- ▶ **Max Planck Institute for Dynamics of Complex Technical Systems, Magdeburg:** Systems biology, functional electrical stimulation in medical technology

- ▶ **Otto-von-Guericke University, Magdeburg:** Biosystems technology, medical systems engineering and computational visualistics

- ▶ **ZENIT Centre for Neuroscientific Innovation and Technology:** Neuropharmacology, neuromedical technology, applied neuroinformatics

COMPANIES IN SAXONY-ANHALT

- ▶ Development, manufacturing and worldwide sales and distribution of glucose, lactate, hemoglobin, hematocrit and HbA1c

- ▶ Medical technology for computer based cognitive rehabilitation, functional nerve stimulation and gait analysis

- ▶ Communication and soundproofing systems for magnetic resonance imaging, high-end medical products for imaging diagnostics

- ▶ Thermoplastic medical tubing

- ▶ More than 2,000 high-quality medical-grade plastic products for medicine, laboratory use and industry

- ▶ Development and manufacturing of industrial ultrasound measuring technology

YOUR PARTNER

- ▶ for site selection
- ▶ for subsidy and financing issues
- ▶ for dealing with authorities
- ▶ for full line project management
